This is my page set-up

I added the hot graphic to be in the middle.

These are the item settings

×

Add

Use graphics as pins:
If set to 'true', the main graphic will be hidden and pins will be displayed as images which can be positioned using classes

true ▾

Cycle through item pagination:
If set to 'true', the items in the open up with be allowed to cycle through continiously

false ▾

Hide pagination:
If set to 'true', the progress indicator and previous and next links will not be shown on the popup toolbar

true ▾

This is the result (the images are not visible, but there is a link present, in the middle of the page just below and to the right of "televisions")

And here is the html that was generated.

a.hotgraphic-graphic-pin.component-item-text-col
